She shared that the plan is designed to ensure all students and staff feel safe, supported, and ready to learn by promoting respectful behavior, strong relationships, and consistent adult supervision across campus. The plan includes regular emergency drills (such as fire, lockdown, and evacuation drills), well-stocked classroom safety supplies, and collaboration with counselors, staff, and community partners to address concerns early—reinforcing that school safety is a shared responsibility for our entire community.  A digital copy was sent each community school site council members and a hard copy is available for everyone to review in the Main Office.					
5. Community Schools Update:	Mr. Jason Collar reminded Community School Site Council members that Community Schools funds are being used to support sustainable practices that enhance student learning and strengthen community connections. He emphasized that the goal is for this funding to lay a strong foundation for future programs, partnerships, and student engagement.
