IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide	2	2	2
Similar Schools	3	8	3

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

State Award and Intervention Programs

This section will contain information about the school's participation in various state intervention and award programs only to the extent these programs were funded for the period addressed by this report.

South Junior High School does not participate in any state intervention or award programs.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	Yes
Percent Proficient - Mathematics	No	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. Instructional Planning and Scheduling

School Instruction and Leadership

This section provides information about the structure of the school's instructional program and the experience of the school's leadership team.

All students are placed in the best possible learning situation within the resources of the district. To accomplish this, instruction at each grade level is based on the Board adopted grade level standards. These district content and performance standards reflect the state guidelines in each content area. Instruction is also adapted to accommodate the varying interests and growth patterns of individual students and includes strategies for addressing academic deficiencies when needed. Students should be placed where a reasonable prognosis of success can be expected. Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards and benchmarks of expected student learning achievement. It is the role of the site administrator to monitor instruction and student academic achievement. At South Junior High School, the current administrative team of one principal, two assistant principals, and one teacher on special assignment work very hard at this responsibility. This team is evaluated annually by district administrative staff.

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their knowledge and instructional skills. The Peer Assistance Review (PAR) and Beginning Teacher Support and Assessment (BTSA) programs, district workshops, and professional conferences are opportunities for professional development. The District continues to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize student assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All district staff members are supported in their efforts to be considered highly qualified under NCLB.

Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade level.

Grade Level	Instructional Minutes	
	Offered	State Requirement
7	62,010	54,000
8	62,010	54,000
9		64,800

Minimum Days in School Year

The section provides information about the total number of days in the most recent school year that students attended school on a shortened day schedule and the reasons for the shortened day schedule.

South Junior High School staff members have scheduled six minimum days and six late start days for this school year. Minimum days include 245 minutes of instruction. Late start days have 290 instructional minutes. The regular school day is 350 minutes long.
